Interesting: 50%

What is your opinion usefulness

Very useful: 75%

Useful 25%

What especially criticize?

- Need practice more
- Good
- Be better for next time

What you would value more?

- Making learning tool
- Good
- More workshops and observations
- Workshop to create learning property about earth, star and moon.

Other observations (it is important to have them!)

- Please add more workshop to create astronomy media for teaching purpose
