

# “337 International NASE-IAU Astronomy”

El Salvador, El Salvador, February 2023

## Questionnaire

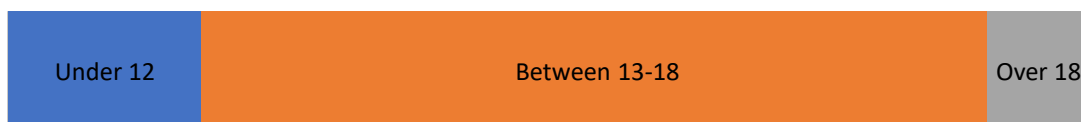

### Discipline:

| Maths | Physics | Natural Sciences: | Social Sciences | Other |
|-------|---------|-------------------|-----------------|-------|
| 10%   | 10%     | 50%               | 20%             | 10%   |

### Level:

| Under 12 | Between 13-18 | Over 18 |
|----------|---------------|---------|
| 18%      | 73%           | 9%      |

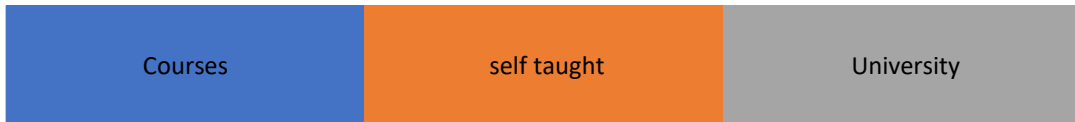

### Is this school your first contact with astronomy?

| Yes | No  |
|-----|-----|
| 80% | 20% |

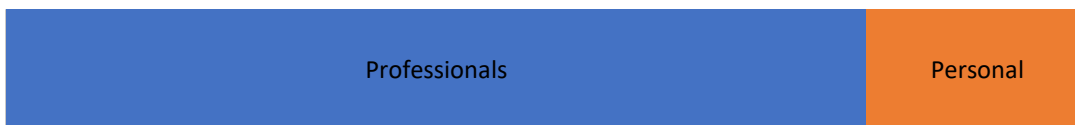

### If no, what is your background in astronomy?

|         |             |            |
|---------|-------------|------------|
| Courses | self taught | University |
| 33%     | 33%         | 33%        |

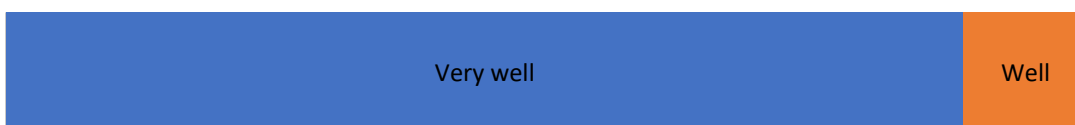

### What was the cause for participating in this course?

|               |          |
|---------------|----------|
| Professionals | Personal |
| 80%           | 20%      |

### What do you think of the choice of dates?

|           |      |
|-----------|------|
| Very well | Well |
| 89%       | 11%  |

### What about duration?

|           |      |
|-----------|------|
| Very well | Well |
| 70%       | 30%  |

### What do you think of the organization of the day (and night) in four different types of activities: conferences, working groups, workshops, observations?

|           |
|-----------|
| Very well |
| 100%      |

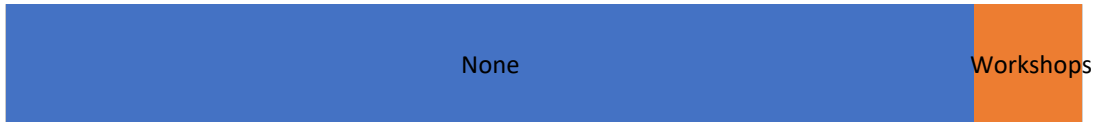

### What kind of activities have preferred?

|           |            |              |
|-----------|------------|--------------|
| Workshops | Everything | Observations |
| 20%       | 60%        | 20%          |

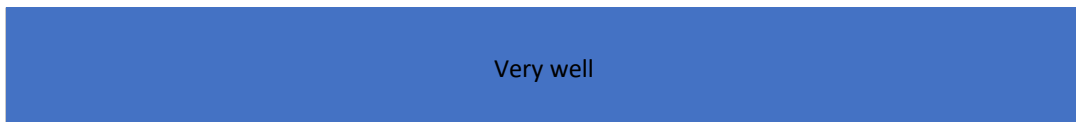

### What kind of activities you like less?

|      |           |
|------|-----------|
| None | Workshops |
| 90%  | 10%       |

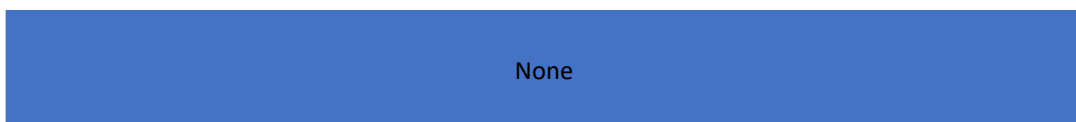

### The subjects, have met your expectations?

|           |
|-----------|
| Very well |
| 100%      |

### What would you delete?

|      |
|------|
| None |
| 100% |

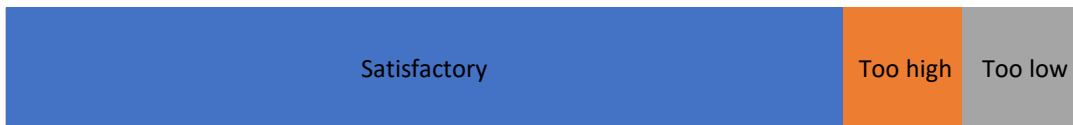

### What would you add?

|                   |         |           |
|-------------------|---------|-----------|
| More Solar System | Nothing | More time |
| 10%               | 80%     | 10%       |

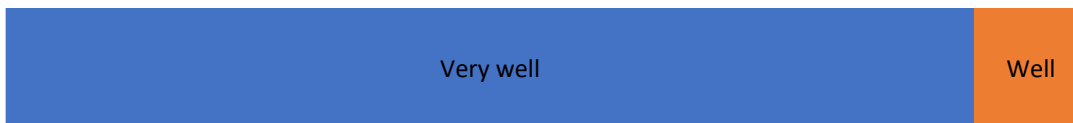

### The level of activities has been:

|              |          |         |
|--------------|----------|---------|
| Satisfactory | Too high | Too low |
| 70%          | 10%      | 10%     |

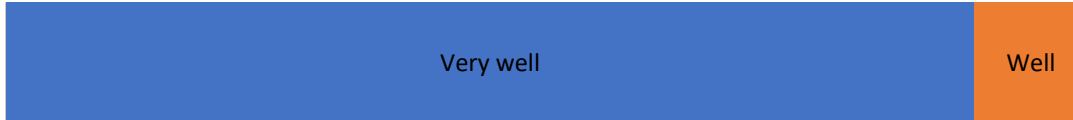

### What is your opinion about the teaching methods of teachers?

|           |      |
|-----------|------|
| Very well | Well |
| 90%       | 10%  |

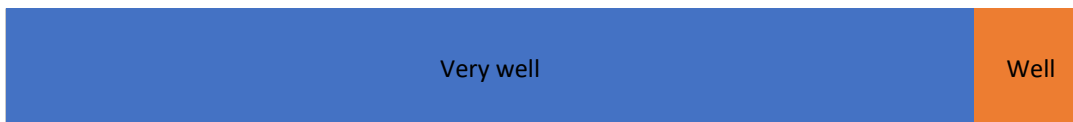

**What is your opinion about NASE web?**

|           |      |
|-----------|------|
| Very well | Well |
| 90%       | 10%  |

**What is your opinion about coordination between different activities?**

|           |      |
|-----------|------|
| Very well | Well |
| 90%       | 10%  |

**What is your overall opinion of the course related to:**

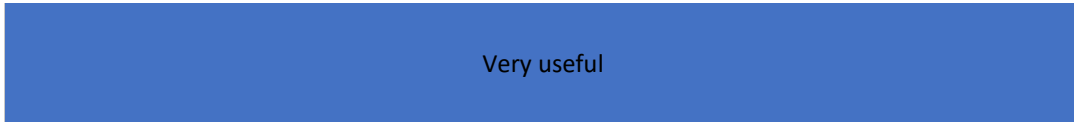

**a) Exchanges and contacts with other participants?**

|                  |             |
|------------------|-------------|
| Very interesting | Interesting |
| 50%              | 50%         |

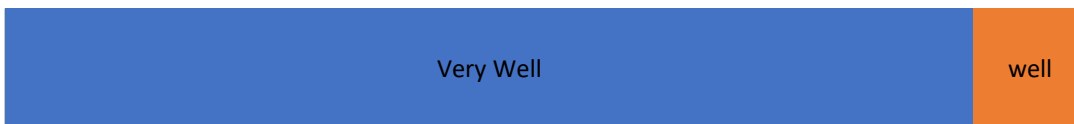

**b) What is your opinion about the usefulness of the course to their teaching?**

|             |
|-------------|
| Very useful |
| 100%        |

**c) What is your opinion about the astronomical visit?**

|           |      |
|-----------|------|
| Very Well | well |
| 90%       | 10%  |

**¿Qué criticaría?**

- Nada
- Dar la lista de materiales a utilizar, previamente
- No. Todo excelente.
- Tiene que tener más horas
- Resumir un poco el material, para realizar más actividades
- Brindar lista de materiales antes de iniciar la semana de capacitación.
- Mayor amplitud en talleres
- Algunos materiales no estaban en la lista y no leer mucho las diapositivas pues son un medio de apoyo muy
- En cuanto a la observación coordinar los puntos que se observarán, ya que la mayoría enfocaba lo mismo
- No
- No sería crítica, es sugerencia: Más días de observación

**¿Qué valoraría más?**

- La capacidad de la parte humana
- La observación
- Los talleres
- La humildad y el profesionalismo de los expositores

- Ampliar talleres sobre astrobiología.
- Talleres y prácticas
- La didáctica de enseñanza sobre astronomía.
- Más práctica
- La observación de astros
- Su dinamismo y su disponibilidad
- Compartir más información del tema.
- Tiempo de aprendizaje
- Las observaciones
- El conocimiento

## **Otras Observaciones**

- Distribuir, equitativamente el tiempo y talleres, para las áreas (Astrobiología, Astrofísica y Astroquímica)
- Que este programa llegue a todos los centros educativos del país.
- Muy buena dinámica en los talleres
- Muy buen equipo de trabajo.
- Dar más horas en este seminario
- Gracias por su tiempo al traer su interesante seminario hasta Chiriquí
- Más extensas las clases
- Algún juego didáctico, ya que todos los estudiantes no aprenden de la misma manera, o incluir el arte y la astronomía.
