Very useful	Useful	Not very useful
25%	69%	6%

What especially criticize?

- None
- Some teachers didn't prepare the training materials before the workshops
- No
- Some activities seemed to be too much and quickly moved on to the next activity
- It was interesting and reasonable
- Too much theory in the lessons
- The training was good.

What you would value more?

- Instructors' dedication and hard work
- Workshops
- Instructors
- I was moved by the instructors's dedication to explaining and understanding, and by the fact that he got up at 3 am to prepare for the workshop despite the time difference. I felt happy for the instructors.
- Training
- Knowledge
- Internship
- Ok
- The instructor's skills are good

Other Observations

- Important, thank you all
- I thought it would be great if teachers explained things like this to their students and used real-life materials to engage them in lessons
- Other activities were also important
- Conducting observation experiments
- I would like to take a course on elementary school science. Thank you.
