

Conclusion

Iran, Delvar 2025

In the last session of the course the participants exchange their opinions with instructors and organizers

- This course was one of the best I have ever participated in, and I thank you for your excellent teaching.
- The NASE course made me more interested in the sky and astronomy, and from now on, I and my students will pay more attention to the sky.
- I am glad that this course was held online, and I appreciate you for that.
- The timing of the course was excellent, and thank you.
